Process integration

Vueling will be the first low-cost airline to accept crypto as a means of payment in Europe. **Jesus Monzo**: "This agreement places us at the forefront of new technologies and innovation, further reinforcing our commitment to our customers and offering the best and most advanced tools and solutions on our website." (Jan 14, 2023)

Alex Schoonkind, Founder and CEO at Fung Payments

"To address this flow we built a crypto-native payments platform for the next era of paying online. Fung was founded with the idea of unifying the crypto and fiat payment rails in order to provide a seamless experience for the users and enhance the security and reliability of the current solutions."

Douglas Hsu, Business Solutions APAC

"Web3 promises a crypto-integrated internet that drastically improves coordination between businesses, their ecosystem partners and end consumers. By using NFTs as a shared ledger item, we can represent provably scarce objects in a fully digital medium - from loyalty points and rare luxury goods to the flight tickets to your next holiday destination."
